Susie Worthington - Administrative Volunteer

Susie Worthington brings many years of administrative experience to her volunteer role. After a successful career as an administrative assistant, she retired and now enjoys dedicating her time to her church, family, and friends. As a fire wife, she has the experience and knowledge of the behind-the-scenes aspects of the fire service that most people don't often understand. Her personal dedication to H4H USA and the Paw Platoon Pawtoberfest are just a few examples of her commitment and generous heart toward the first responder community.

Susie is married to Bret Worthington, retired Division Chief of the Folsom Fire Department. A lifelong Folsom resident, Bret began his fire service career as an ROP student through Folsom High School and spent the majority of his career serving the Folsom Fire Department.

Susie and Bret were married in Folsom in 1985. As a memorable tribute to Bret's career, they rode from their wedding ceremony to their reception at the Folsom Community Center in a fire truck. They are the proud parents of two daughters, both happily married, and are blessed with three grandchildren and the goodest fur baby, Maggie Mae, a Bernedoodle.
